### Congratulations Annette!

Pictured from Left to Right - Linda Beck, Annette Town, Richard Heil.

Lead Protective Service Worker, Annette Town, recently graduated from the Leadership Development Institute (LDI) in Harrisburg. The LDI was started in 2013 by the Pennsylvania Association of Area Agencies on Aging, in cooperation with the Pennsylvania Department of Aging. The initiative is designed to prepare new and future AAA leaders with the skills and competencies needed to direct their organizations into the future. To date, over 80 individuals have participated in this unique and innovative training program. The LDI was developed around 15 core competencies that have been identified as being critical to the most effective leadership capabilities within the aging network. These competencies have been consolidated into six instructional modules taught by Richard Heil and Linda Beck of The Curtis Group.

Annette Town was born in Johnstown PA and relocated to Jefferson County in 2001. Annette earned her Bachelor of Science degree from Clarion University in 2005. She has been working for Jefferson County Area Agency on Aging since January 2015. She is currently the lead Protective Service worker at the Agency.

## Old Bay Shrimp

## Ingredients

- 1 1/2 lb. shell-on deveined shrimp (16- to 20-ct.)
- 1 tbsp. olive oil
- 3 tsp. Old Bay seasoning
- 1/4 c. Chopped parsley

## Directions

1. Heat grill on high. Toss shrimp with olive oil and 1 1/2 teaspoon Old Bay seasoning.
2. Thread shrimp onto skewers and grill until opaque, turning over once, 3 to 5 minutes.
3. Remove shrimp from skewers and transfer to large bowl. Sprinkle with parsley and 1 1/2 teaspoon Old Bay seasoning; toss to combine. Serve immediately.

## Senior Spotlight: George Shick

As a care manager at JCAA, I have the pleasure of meeting many unique individuals. On a recent home visit to **Options PERS** consumer George Shick, he and his wife Sandy discussed their concerns with me whether his **PERS** Medical Alert Button would work if he were to have a fall in his workshop. He told me that gets up early every morning and works in the workshop until lunchtime. George is at risk of falls, and Sandy wanted to be sure that he would be able to get help should there be an emergency. After testing his button, and determining that a GPS unit would be a better fit for him, he offered to show me what he was working on. George led me across what he calls "The Stairway to Heaven", a wooden walkway connecting his porch to his shop that was built for him by members of his church. I was astounded by what I saw!

Inside George's workshop, he has constructed 5 scale replica mechanized amusement park rides. I marveled as George walked me through the workshop describing the Moon Rocket, Hurricane, Himalaya, Ferris Wheel, and Gondola Wheel and turned them on to let me see them in action. According to George, there is only one remaining Moon Rocket ride in operation. George explained that he had built each one from memory, as he had traveled the country with the carnival setting up, tearing down, and operating the rides for two years as a young man. George's history as a carpenter for 50 years is evident in the craftsmanship and attention to detail. His daughter helps him paint as well.

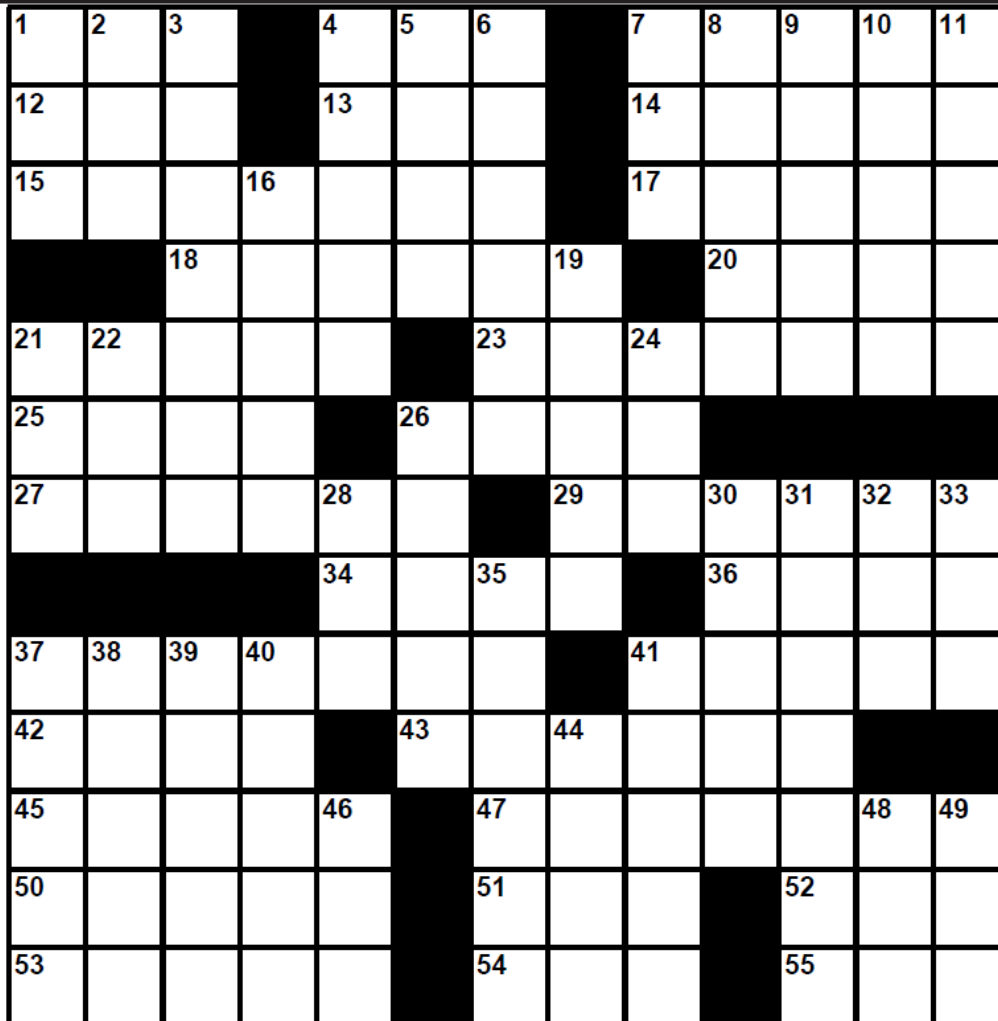

George also has a Merry Go Round, which was the first ride he constructed, in his living room. He started work on the Merry Go Round before he retired at the age of 62. He says that the Merry Go Round and the Himalaya are his favorites. George explains that with the Himalaya, he had to figure out how to make it perform two different actions, going up and down as well as lifting. George is thinking about building the Round Up next, and he and his wife can rest assured that he will be able to reach help should he have an emergency in the workshop.

If you are interested acquiring a Medical Alert Button please call Nicole McGee at (814) 849-3096 to see if you qualify for the **Options PERS** program.

SENIORS - If you or someone you know is being subjected to abuse, neglect or exploitation, contact JCAA for emergencies 24 hours a day at 1-800-852-8036.
